1 Introduction

This is the Compliance Report document for Book-shop Automation Software. Here, we list down test cases that were mentioned in the test suite along with the obtained PASS/FAIL results that were obtained after testing the software. Also, note for a positive test case, the expected result should be PASSED, while for a negative test case, the expected result should be FAILED.

2 Compliance Report for Frontend GUI

2.1 Homepage

Working perfectly.

PASS/FAIL based on choice:

- Anyone from customer, Employee(manager), Employee(owner), Employee(sales clerk): PASSED
- No or empty choice: FAILED

2.2 Login page

- Both username and password correct: PASSED
- Username correct but password incorrect: FAILED
- Username incorrect but password correct: FAILED
- Both fields empty: FAILED
